

L.C. Engineering & Consulting S.r.l.

Executive Summary

PRIMARY COMPANY DETAILS

Company Full Name	L.C. Engineering & Consulting S.r.l.
Company Type	Private Limited Liability Company
Capital	€ 15.000
VAT N.	IT02560570414
Chamber of Commerce Reg.	Pesaro-Urbino PS-191817

SECONDARY COMPANY DETAILS

Year Founded	2014
State	Italy
Address	Viale J.F. Kennedy 23, 61032 Fano (PU)
Industry	Computer Software & Technology. Engineering Services. Environmental Protection.
Specialties	Software development, Engineering, Project management, Environmental monitoring systems.

COMPANY COMMUNICATION

Telephone	Management: +39 0721 1707697 Technical Department: +39 0721 1540279
Fax	+39 0721 1835030
E-mail	info@LC-Engineering.it
Web Site	www.LC-Engineering.it

Areas of Expertise

Leak Detection System and Pipeline Simulation Projects

Below the list of Projects performed directly by **L.C. Engineering & Consulting S.r.l.**:

Customer	Country	Years	Project Description
B.S.P.C. BV	Russia	2019-2020	Total revamping of Simulation Software for Beregovaja Compressor Station
United Gas Derivatives Company	Egypt	2016-2020	Leak Detection System for Port-Said - Damietta Pipeline
IP Industrial S.p.A.	Italy	2015-2021	Leak Detection System for Rome Refinery Support and Maintenance for Leak Detection System
Schneider Electric S.p.A.	Italy	2015-2019	Leak Detection System for Priolo Refinery Commissioning, Tuning, Training and Assistance
E.A.K.A.A. S.A.	Greece	2023-2024	Total revamping of Leak Detection System of Athens Airport
E.A.K.A.A. S.A.	Greece	2015-2024	Support and Maintenance for Leak Detection System of Athens Airport
Versalis S.p.A.	Italy	2022-2023	Total revamping of Leak Detection System of Ferrara-Ravenna Ammonia Pipeline
Versalis S.p.A.	Italy	2015-2024	Support and Maintenance for Leak Detection System of Ferrara-Ravenna Ammonia Pipeline
B.S.P.C. BV	Russia	2015-2024	Support and Maintenance for Optimisation & Simulation System of Beregovaja Compressor Station

Furthermore, the following projects were directly coordinated and carried out by **Letizia Conter**, who has decades of experience in Oil & Gas, Software Development and Project Management and who currently is the Technical Director of **L.C. Engineering & Consulting Srl**:

Customer	Country	Year	Leak Detection Project Description
Fox Petroli S.p.A.	Italy	2013	Revamping of Leak Detection for Gasoline/Oil Pipeline
E.A.K.A.A. S.A.	Greece	2012	Revamping of Leak Detection for Jet Fuel Pipeline
Versalis S.p.A.	Italy	2011	Ferrara – Ravenna Ammonia Pipelines
ENI R&M	Italy	2011	Ferrera – Fiorenzuola D'Arda Oil/Refined Pipeline
ENI R&M	Italy	2011	Livorno Oil Pipelines
ENI R&M	Italy	2011	Ferrera – Cremona Oil/Refined Pipeline
ENI R&M	Italy	2011	Rho – Malpensa Jet Fuel Pipeline
ENI R&M	Italy	2011	Sannazzaro – Rho Refined Pipeline
ENPPI	Egypt	2010	Assiut – Aswan Gas Pipeline
ENI R&M	Italy	2010	Genova – Ferrera Crude Oil Pipeline
ENI R&M	Italy	2009	Ferrera – Gran S. Bernardo Crude Oil Pipeline
PraOil	Italy	2008	Livorno - Calenzano Jet Fuel/Gasoline Pipeline
PraOil	Italy	2008	Gaeta - Pomezia Jet Fuel/Gasoline Pipeline
KTI Technip	Egypt	2007	El-Arish - Asquelon Gas Pipeline
PraOil	Italy	2006	Montealpi – Taranto Oil Pipeline

FoxBoro SCADA	Italy	2005	Settignano (Florence) water distribution network
ENPPI	Egypt	2005	Port Said - Damietta Gas Pipeline
ENPPI	Egypt	2004	El Arish - Aqaba Gas Pipeline

Engineering

The following Engineering projects have seen **Letizia Conter** directly involved in the technical execution and project management:

Customer	Country	Year	Project Description
Emerson Process	Italy	2014	Engineering of Leak Detection System for Versalis Plant
SAIPEM	Italy	2012	Engineering of Instrumentation and relevant erection activities for SnamReteGas gas pipelines
SAIPEM	Italy	2011	Engineering of Automation System for SnamReteGas gas pipelines
SOCAR	Azerbaijan	2007-2008	Basic and Detailed Engineering for SOCAR Neft - Dashlari Gas Development Project – Gas Compression Station
SAIPEM	Italy	2007	“MedGaz Project” Tender assistance (SCADA & Telecom)
SAIPEM	Kazakhstan	2006	Hydrodynamic Simulation Software for Beregovaya sealine
SAIPEM	Kazakhstan	2005	Front End Engineering and Development for “Kashagan Field Development”

Control and Data Acquisition System

All the following Automation projects have been fully implemented and managed under the supervision of **Letizia Conter**:

Customer	Country	Year	Project Description
FoxPetroli	Italy	2008-2009	Control System for Fuel Oil Storage
Box Company	Italy	2005	Data acquisition and monitoring system for Industries
EffeGomma	Italy	2004	Data acquisition and monitoring system for Industries
Di.Bi. Porte Blindate	Italy	2003	Data acquisition and monitoring system for Industries
Vetzeria RB	Italy	2003	Data acquisition and monitoring system for Industries
Glass Int.	Italy	2003	Data acquisition and monitoring system for Industries
Carletti	Italy	2003	Data acquisition and monitoring system for Industries
DeBlasi arredamenti	Italy	2003	Data acquisition and monitoring system for Industries

All such experience belonging to the Technical Direction allows the Company to have capabilities that extend into various levels of specialization and different target users.

Qualifications

The Company has a certified **QUALITY MANAGEMENT SYSTEM** compliant with **UNI EN ISO 9001:2015**.

The Company is also member of **Confindustria Pesaro Urbino** since 2015.
